Historic Achievement in Indian Fisheries Sector: Mudit Agarwal Wins Best Prototype Award Etawah (Ritu Tripathi – Youth News)

Mudit Agarwal, a student of the College of Fisheries Science, Etawah, affiliated with Chandra Shekhar Azad University of Agriculture and Technology, Kanpur, brought great pride to the institution. He participated in the *1st Indian Fisheries Students Innovation & Startup Conference (IFSISC'25)* held at Tamil Nadu Dr. J. Jayalalithaa Fisheries University, Chennai, on March 14–15, 2025. The theme of the conference was *"Re-imagining Indian Fisheries @ 2047."*

Mudit Agarwal presented a startup prototype titled "Aqua Smart Recirculatory Aquaculture System with Real-Time Monitoring and Mobile Notification", which received the Best Prototype Award. His innovation was appreciated for its efficiency in reducing water use and energy consumption, and for offering advanced digital monitoring of fish farming systems.

He credited his success to the support and guidance of college Dean Dr. N.K. Sharma and his mentor Prof. Dr. Ajeet Singh. The entire college community, including faculty and students, expressed pride in his achievement and extended their best wishes for his future success.

• Date of Publication: 6 June 2025

• Language of the Article: Hindi

2. Article Summary

Main topic - World Environment Day Celebration at Fisheries College, Etawah

Theme: Beat Plastic Pollution

The College of Fisheries Science and Research Centre, Etawah, celebrated *World Environment Day* with great enthusiasm. The event focused on raising awareness about environmental protection and promoting sustainable practices among students and staff.

The celebration began with a plantation drive, where various saplings were planted on the campus premises. Students, faculty members, and staff participated actively in the plantation activity, emphasizing the importance of trees in maintaining ecological balance.

Dr. Ajeet Singh, Dean of the College, highlighted the significance of World Environment Day and encouraged everyone to adopt eco-friendly habits in daily life. He emphasized that the protection of natural resources is the responsibility of every individual and that collective efforts are necessary to combat environmental degradation.

The event also featured an awareness rally organized by the students, promoting the theme of environmental conservation. Various slogans were raised to educate the public on the importance of protecting nature and reducing pollution.

A poster and Essay competition was held, where students delivered powerful messages on the importance of the environment. Winners of the competition were awarded certificates by the dignitaries present.

The chief guest of the function, Dr. NK Sharma, Dean of the College of Agricultural Engineering, also shared their views. The event concluded with a vote of thanks, acknowledging the participation of faculty members Dr. Ashish Kumar, Dr. Samarjeet Singh, Er. Pankaj Kumar, Er. Abhishek Kamal, Dr. Arun Kumar, Dr Ashutosh Lowanshi, Badal Yadav, Dr. Ajeet Soni, Er. Neerja Sharma, Er. Priyanka Yadav, and Dr. Shweta Dubey. The program was successfully conducted and coordinated by Deepak, Akhil, Priyanshi and Kaifi.

National Fish Farmer's Day 10th July 2025

1. Basic Information

- Title of the Article: Celebration of National Fish Farmers' Day (10th July 2025)
- Name of the Newspaper: Amar Ujala, News Vani, Dainik Jagran, Wednesday Times
- Date of Publication: 13 July 2025
- Language of the Article: Hindi/ English

2. Article Summary

Main topic - National Fish Farmer's Day Celebration at Fisheries College, Etawah

Theme: Healthy Fish for a Healthy Nation

The College of Fisheries Science and Research Centre celebrated National Fish Farmers Day on 10th July with great enthusiasm. The event aimed to create awareness about fish farming, its economic potential, and its importance for a healthy nation. On this occasion various competitions such as picture writing, poetry, and slogan writing were organized to creat student interest in fish farming and its conservation.

College of Fisheries Science & Research centre, Agricultural Engineering, and Dairy Technology actively participated and expressed the need for fish farming through creative activities. In the picture writing competition, Priyansh secured first, Kaifi second, and Dheeraj third place. In poetry writing, Anu Kushwah secured first, Sandhya Sahni second and Dheeraj third place. In slogan writing, Sandhya Sahni secured first, Dheeraj second, and Divyanshu third place.

Dean College of Fisheries Science & Research centre Dr. Ajeet Singh, highlighted the significance of the day, emphasizing the importance of improving fish farmers' livelihoods and making them economically strong and self-reliant. He discussed the latest innovations in fisheries and how they can turn fisheries into a profitable business through scientific practices. Steps for the welfare of fish farmers, increased income, and sustainable development were also shared.

Dr. NK Sharma, Dean, College of Agricultural Engineering, praised students for their creativity, while Professors Dr. JP Yadav and Dr. KK Patel also expressed their views. The occasion coincided with the Guru Purnima festival, where students honoured teachers with shawls and expressed gratitude. The event concluded with a vote of thanks, acknowledging the participation of faculty members Dr. JP Yadav, Dr. D Singh, Dr.TK Maheshwari, Dr. KK Patel, Er. M.A. Hussain, Dr. BS Chauhan, Dr. Ashish Kumar, Er. Pankaj Kumar, Er. Abhishek

Kamal, Dr. Arun Kumar, Dr. Ashutosh Lowanshi, Badal Yadav, Dr. Ajeet Soni, Er. Neerja Sharma, Er. Priyanka Yadav, and Dr. Shweta Dubey. The program was successfully conducted and coordinated by Priyansh and Kaifi.
