HUMAN VALUES IN EDUCATION SYSTEM

Higher education is a trailblazer in the field of education. The values & virtues practiced in universities heavily influence the future leaders. The overall purpose of education is to enable a human being to live a fulfilling life in harmony with oneself and with family, society and nature. Hence, it becomes the responsibility of educators to enable the resolution of these issues, so that human society can achieve the Cherished goal. In the light of this it becomes essential to find out what is of value or what is really valuable to human beings. It is universally truth that the status of teaching profession requires to be raised its dignity and integrity. Accordingly, it is considered necessary that there should be a code of human values & moral ethics which refers the Holistic Value Based Education shared through the UHV and will actively participate in the FDP.

However, Basic Human Values refer to those values which are at the care of being human. The

value which are considered basic inherent values in human's include-truth, honesty, integrity peace, etc which brought the fundamental goodness of human beings and society at large.

Human Value education consists of teaching students about the values, beliefs, attitudes and behaviors that are essential for leading a successful and fulfilling life. It aims not just to impart knowledge, but also to develop students who are empathetic, respectful and responsible members of society

WHY FDP IS NECESSARY FOR TEACHERS

The programme aims to improve the faculty's pedagogical and other skills and familiarize them with teaching strategies and resources. It offers a chance to learn more about recent technological advancement in pertinent domains. The proposed faculty development programme offered by Baba Sahab Dr. Bhim Rao Ambedkar College of Agricultural Engineering & Technology will definitely assist teachers in improving their performance. So to complement the transition and the rapid growth in technical education domain, it is an imperative for the faculties also to be well versed well trained and updated to be able to deliver what the requirements are. It is about building capacity for teaching with technology.

1. This Faculty Development Program (FDP) is to familiarise faculty members / participants with the need, guidelines, content and process of Value Education.
2. This FDP is to discuss holistic development and the role of education in holistic development.
3. It is designed to help develop a conducive environment for 'Human Values and Professional Ethics' in the institution, as well as the community.

4. It is to help familiarise participants with HVPE and to generate interest in value based living.
5. It is to facilitate a process of self-exploration in you and to place a few key proposals about Universal Human Values for you to reflect on basic human aspiration (happiness and prosperity) and the program for its fulfillment.
6. To help you to refine your plans relating to Value Education.
7. Human Values are universally applicable to all human beings and be true at all times and all places.
8. It is about the basic principles of human existence which are universal. And if it is universal then it is not dependent on any sect, caste, creed, nationality, gender etc.
9. Finally, it has to enable us to be in harmony within and in harmony with others.
10. Hence, when we live on the basis of these values, we start understanding that it will lead to harmony in us and harmony in our interactions with other humans and the rest of nature. That is, it leads to definite human conduct.

To fulfill, all the above basic needs. The FDP relating to Human Values and Moral Ethics Universal Human will sharpen our qualities, integrity honesty, dedication, patriotism and inculcate these to be ideal teachers.

OBJECTIVE FOR HOSTING FDP

The objective of these self funded FDP is to facilitate institutions to develop themselves as Nodal Centre for Holistic Value Based Education (HVBE). Such Nodal Centres for HVBE will work on achieving the Common Graduate Attributes and Specific Graduate Attributes related to Domain/ Discipline /Stream / Specialization / Profession etc. by creating a conducive environment for delivering Holistic, Value Based Education (HVBE) with the interest of students as well as teaching profession.
