**Chandra Shekhar Azad University Of Agricultural & Technology
Kanpur**

ABOUT Chandra Shekhar Azad University of Agricultural & Technology Kanpur

CSA Agricultural University is stepping upto the challenge to facilitate and undertake human capacity building for developing self-motivated professionals and entrepreneurs. It is a matter of great pride for CSA to have played out its role in ushering a quantum leap in food production in the state through a chain of technological interventions. The university has been imparting quality education through outcome and value based education system, supported by competent and learned faculty members who regularly update their knowledge through participating in national and international conferences, seminars and workshops. The faculty members have also raised the standards of teaching and research through incorporating MOOCs, chiefly NPTEL & SWAYAM in their routine classroom teaching. This is easier than done that the university has witnessed a huge number of SCI indexed publications in high h-index and impact journals.

ABOUT CENTRAL LIBRARY

The Central Library of the University was established in the year 1907 as College of Agriculture Library which was, named in 1967 as Institute of Agriculture Sciences Library. Final, it was named as Central Library . It has good collection of valuable and rare literature of books, periodicals,thesis, journals,subjective and competitive magazines,reports, bulletins , encyclopedias, maps gazettes, dictionaries, agriculture statistical records and complementary gifts exchange etc.

The Central Library is mandate to increase uses of Agricultural Resources in Agriculture teaching, research and extension services. The Central Library is Digital library Infrastructure facilities viz, computers with the latest configuration, internet facility, online printers, scanners etc, are fully strengthened in the libraries to utilize the electronic resources for the improverment of academic and research programmers. The Central Library is a member of CeRA (Consortium for e-resources in agriculture. CeRA is providing access more than 3500 Journals in Agriculture. Moreover, Library activities like acquisition, circulation, searching Plagiarism Checker, Uploading a Thesis Ph.D./M.Sc. on Krishi Kosh Portal & Shodh Gnaga Portal Ph.D. etc are carried out with Softgranth Library Automation Software. The Digitalization process of Central Library is in progress. About 81384 books, journals and theses have been automated with barcode facilities.

About National Education Policy - 2020

Holistic Education: The NEP emphasizes a holistic and multidisciplinary approach to education, aiming to develop not only cognitive skills but also socio-emotional and ethical capacities.

School Education: The policy proposes structural changes in school education, including a 5+3+3+4 curricular and pedagogical structure, replacing the existing 10+2 system. It also focuses on early childhood care and education.

Higher Education: The policy envisions a more flexible and multidisciplinary higher education system with an emphasis on research and innovation. It proposes the integration of vocational education from the school level and a four-year undergraduate program with multiple exit options.

Language Policy: NEP 2020 advocates for a flexible approach to the language of instruction, promoting the use of the mother tongue or local language as the medium of instruction up to at least Grade 5, and preferably up to Grade 8.

Assessment Reforms: The policy emphasizes a shift from rote learning to competency-based learning. It promotes formative and summative assessments with a focus on critical thinking and application of knowledge.

Teacher Training: NEP 2020 highlights the importance of continuous professional development for teachers, and it proposes the establishment of a National Mission for Mentoring to support the professional development of teachers.

Technology in Education: The policy recognizes the significance of technology in education and advocates for the integration of digital resources in teaching and learning.

Regulatory Framework: The NEP proposes the creation of a single regulatory body for higher education, the Higher Education Commission of India (HECI), to replace the existing regulatory bodies.
